

À LA CARTE[®]

To The Next Degree

Clear Benefits.

FROZEN OPPORTUNITIES

À LA CARTE capitalizes on today's trends serving frozen varieties with flair, at operational savings superior to older food machines.

- Frozen products keep longer than fresh, eliminating spoilage costs
- Expand into foodservice - without adding a commissary
- Serve food more profitably at smaller accounts
- Health control monitors refrigeration and ensures product safety
- ¾ HP refrigeration unit can be serviced from the front
- Variable temp control for fresh or frozen formats (-15°F to +36°F)

Bring the power of frozen glassfront merchandising to your foodservice table.

VARIETY, VELOCITY, AND VALUE

Consumers are filling up on À LA CARTE's premium presentation. Buying with your eyes has never been so good.

- Selections appear full until the last item is vended
- Triple-pane thermal window provides fogless viewing
- First-in, first-out product rotation keeps foods fresh
- Fits larger entrees easily with 16 adjustable motor positions per shelf
- Expands time-of-day sales – plenty of room for ice cream treats
- Speeds up shopping since all products are viewable at once
- Serves a brand-name menu that rivals other food outlets

À LA CARTE'S® appetizing display and back-end advantages are ready to go to work – in lunchrooms everywhere.

DOUBLE THEIR DELIGHT

Pack a punch when pitching new business, or upgrading existing accounts. Host a fresh or frozen À LA CARTE from a Premier™ snack for complete meal satisfaction.

- More convenient than C-store or quick-service food runs (and keeps employees productively on site)
- Glassfront appeal and central payment promotes cross-selling (and saves on a payment system)
- Takes up less floor space than a stand-alone food and snack
- Serves a high volume in a short time – great for lunch rushes
- Guaranteed delivery heightens morale
