

SNACKSHOP

A GLASSFRONT COMBINATION WITH CLEAR ADVANTAGES.

OUR MODULAR DESIGN CREATES GREATER COST SAVINGS FOR YOU.

By linking our modular À LA CARTE® to a host 120 Series Snackshop, you can operate two outstanding revenue sources from one merchandiser. This clever combination will significantly lower your cost of bringing food and frozen

novelties to your customers—while greatly expanding your location's profit potential. It's smart; it's flexible; and it indulges your customers with more choices complemented by state-of-the-art convenience.

120 SERIES HOST/320 SERIES COMBINATION: FEATURES AND BENEFITS

EXPANDED OFFERINGS AT A LOWER CAPITAL INVESTMENT

Operate our modular À LA CARTE from a host 120 Series Snackshop and offer your customers everything from ice cream novelties and frozen food to refrigerated food—at a minimal investment.

GREATER SPACE FLEXIBILITY

The operation of two merchandisers through a single control tower and selection panel saves valuable space, so you can meet the limited space demands of virtually any location.

SIMPLICITY OF DESIGN

Adding our modular À LA CARTE to a host 120 Series Snackshop is easy to set up and operate.

There is no additional peripheral hardware required, and our programmable Master Menu™ keypad helps you set each merchandiser to your specifications.

"CUSTOMER FRIENDLY" SELECTION ASSEMBLY

Our redesigned selection panel is based on the familiar, easy-to-use telephone keypad. It makes selecting snacks, candies and food easier than ever before! In addition, the scrolling message center features a 20 character display to scroll your personalized greetings.

THE LEADER IN GLASSFRONT TECHNOLOGY

Operating our À LA CARTE with a host 120 Series Snackshop puts the best glassfront merchandisers in the industry to work for you. We've combined outstanding merchandising with unsurpassed merchandiser reliability to help you maximize every location's true profit potential.
