

VANTAGE-VR6™

Coinco's new Vantage® bill recycler will increase sales revenue by accommodating high denomination bill transactions and delivering preferred change for today's consumer.

KEY BENEFITS

- Increased sales by accepting higher bill denominations.
- Added consumer convenience by expanding payment options.
- Lower coin management cost by minimizing tube inventories, reducing change funds and eliminating dollar coins.
- Modular design supports future upgrade conversion.
- Changer Lock-Out technology preserves coins in coin changer. *(Patent Pending)*
- Smart Bezel™ communicates bill acceptance real-time.
- Quick-release bezel offers fast installation and removal of bill acceptor.
- Adaptable to Vantage credit card reader.

Now accept \$5, \$10, and \$20 bills without depleting your coin inventories, increasing your change fund, or grappling with dollar coins.

Vantage® Recycler....putting your cashbox bills to work!

More Profitable

Technology designed to increase sales.

- Reduced demand on changer eliminating coin starvation.
- Put money back in your pocket by lowering stored coin values in changer.
- Cashbox bills are now put to work and used to capture incremental sales.
- Lower over all change funds by eliminating dollar coin usage.

More Intelligent

Technology designed to optimize currency systems.

- Changer Lock-Out technology preserves coins in changer by disabling high denomination bills when recycler is empty.
- Smart Bezel™ provides real-time consumer feedback as to the accepted bills based on change-making capability.
- User interface offers ease of configuring and troubleshooting recycler.

More Flexible

Technology designed for ease of installation and field upgrades.

- Quick-release bezel expedites installation and removal, even in tight applications.
- Simple and fast retrofit to base Vantage bill acceptors without the use of tools.
- Easily adapted to offer credit card capabilities.
